

2020 Census Data Collection

- **65% of the nation's households responded on their own.**
 - Final self-response rate of 65%, exceeding the final 61% self-response rate for the 2010 Census.
- **Of those households that responded on their own, 4 in 5 did so online.**

We did not experience a single minute of downtime or any cyber intrusions for our online response option.
