Education level percent: high school

Education %: high school graduate

Housing Policy:
Describes only homeless alleviation
Problem could be in lower education levels and unemployment

City of Berkeley

2019 EveryOne Counts Homeless Point-in-Time Count & Survey

Every two years, during the last 10 days of January, communities across the country conduct comprehensive counts of people experiencing homelessness in order to measure the prevalence of homelessness in each local community.

The 2019 Alameda County EveryOne Home Point-in-Time Count was a community-wide effort conducted on January 30th, 2019. In the weeks following the street count, a survey was administered across Alameda County. In the city of Berkeley, 257 unsheltered and sheltered homeless individuals were surveyed in order to profile their experience and characteristics.
